

The growth of young people vaping in our community is concerning.

Barwon Health and Deakin University are presenting a free webinar to provide information about the health affects of vaping in young people, and how we can approach the issue.

Please join us to hear about:

- **The Health data.** Dr Akhtar Hussain, Physician Local Public Health Unit, Barwon South West
- **The kids are not ok.** Insights from those who work closely with young people - Ms Susan Parker, Health Promotion Officer, Barwon Health, Healthy Communities Unit
- **Here to help.** Working with individuals who are addicted to nicotine - Rebecca Stone, Be Smokefree clinical nurse, Barwon Health
